Pricing and Availability subject to change without notice until a confirmed order has been placed and a 30% deposit has been received.

Retail Discounts:

Purchases over \$150 - 5% discount

Purchases over \$400 - 10% discount

Purchases over \$1000 - 15% discount

Discounts are also available for full trays of pots containing a single species

Wholesale: Please contact us for wholesale pricing or contract growing. Material can be produced in sizes not listed below if the appropriate lead time is provided.

Container Sizes:

3" POTS are either 3.25" dia x 3.5" deep squares or 3" dia x 4.25" deep squares. 18 or 20 pots per tray.

4" POTS are either 4" dia squares, 3.5" dia x 5" deep squares, or larger (generically referred to as quarts in the trade). 18 pots per tray

PLUGS are 2.5" in diameter and listed by depth; they can be purchased individually. The plugs we use offer a nice balance of providing for deep and spacious root growth while lowering container soil capacity (and costs). The 2.5" x 5" plugs hold approximately 70% more soil than an individual cell in a 38 count plug flat. 25 plugs per tray

GALLON, TWO GALLON or larger containers are typically available for shrubs/trees or robust wildflowers/grasses. Please inquire if your project requires containers of this size.

Visit our web site for specific details on each species including sun exposure and soil moisture requirements along with typical heights and blooming seasons. Individual pages for each species also include photos and additional information/comments.

An asterisk(*) below indicates the material being sold is **NOT MICHIGAN GENOTYPE**. Please visit our web site for further details as most non-Michigan genotypes originate from Northern Indiana or Northern Illinois.

Please contact us if you are interested in a species that is not on this list.
